

# Resolve more cases, *faster* than ever before.

## *Experience the DRS Resolution Blitz.*

The concept of the Blitz is simple – organize the cases you’ve decided to mediate, and conduct all of your mediations in one week at one location. The result? You’ll resolve more cases with less staff time than ever before, and you’ll save with the special DRS Resolution Blitz rate.

### ***Clear your backlog of cases, and free-up scarce resources.***

Past Blitz participants have resolved more than 100 simplified two-party cases successfully in just one week! The resolution rate is over 85%, with more cases being resolved shortly after the Blitz.

The Blitz creates an unparalleled team training opportunity, and past Blitz participants have found pairing experienced personnel with intermediate staff provided a great learning experience. Blitz participants also report being energized and motivated, after “clearing the decks” of many cases.

### ***We’re here to help.***

You select the cases and decide who will act for your firm. DRS will manage the mediators and the schedule to optimize your Blitz and ensure maximum benefit for you and your team.
